Bonjour, my name is Céline.

Along with my team, we are a private, bilingual concierge service specializing in authentic luxury experiences and lifestyle needs for expats, travelers, and locals.

For visitors, we demystify Paris and help you experience the best of French culture, from food and wine to museums and monuments. We believe the best way to see Paris is through local eyes.

For locals, our services help you make the most of your time. Whether it be Property Management, Personal Assistance, or Concierge services, nothing is too big or too small.

In essence, we make things happen, so let us assist you today!

“Paris inspired me, enchanted me – so many things to see, places to go, things to discover – that I decided to go there and I never left.”

**-Céline Flores-Tavukcuoglu,
CEO & Founder of Céline Concierge**

**If you dream of exploring or moving to Paris - DO IT!
I would love to help you realize your dream!**

C L I E N T L O V E

“I feel complete peace that everything related to our Paris property is being managed with excellence. Details of our pied-à-terre in Paris never even cross my mind, other than daydreaming about the next time we can return... with our apartment cleaned, prepped and stocked full of our favorite treats from Céline!”

**-Holly Christine Hayes, Founder + CEO
Sanctuary Project**

“You made everything so much easier for me, especially the first week or so moving in. In what can be a very lonely and confusing and isolating experience, just knowing that I had someone who could help me figure out any detail that confused me at any point... you made such a huge difference.”

**-John Arndt, Music Producer + Composer

"Céline helped us craft a schedule that made for a lifetime of memories. She secured reservations on our behalf in just the right places. Her ability to also offer local tour guides and transportation services was also impressive. She was patient with us and took her time to understand what we wanted to take away from the trip."

- JAIME P.

"I asked Céline to book us great lunch places during Paris fashion week. Even though it seemed like a lot of good restaurants were booked out, she managed to get us into hotspots."

Happy to work with her again!"
